PRECISION COOKING SYSTEMS

Gas Feed — Regulated

No need for fancy restaurants, Jetboil has gourmet on-the-go down. Our regulated systems feature best-in-class simmer control for unmatched versatility and expanded cold-weather capabilities in the backcountry. Advanced regulator valves allow for incremental adjustments to fuel flow, giving you a range of temperature options to cook anything, anywhere.

To back it up, we've integrated the pot support with our new gas regulated TrailCook stove systems, helping you move beyond the boundaries of boiling. From camping and backpacking to overlanding and road tripping, our regulated systems have forged a new frontier in off-the-grid cooking.

MIGHTYMO

Cooked to perfection, not burnt beyond recognition. Pack it up, pack it in. This ridiculously versatile and compact stove weighs in at a meager 3.3 oz. But lucky for you, it still packs enough punch to quickly reach a rolling boil, and the four-turn regulator valve gives it a soft enough touch for sautéing greens or simmering sauces.

BEST FOR

Versatile trail cooking, with minimal weight and pack size.

FEATURES

- Unbeatable simmer control with adjustable flame brings precise cooking control at your fingertips
- Regulated pressure for consistent performance down to 20°F (-6°C) for reliable use in any season
- Convenient, reliable push-button igniter for quick and easy starts
- Improved efficiencies with compatible Jetboil accessories adds variety to cooking abilities

SUMO

Ultimate cooking capacity. Sometimes JetHeads have a few JetFriends. That's why we made the SUMO. It packs the same regulated gas feed in a higher capacity cook pot to fuel the whole squad with plenty of meal options. Plus, the optional Grande Coffee Press, Summit Skillet and 1.5L Ceramic FluxRing Cook Pot means you won't have any shortage of meal options on the trail.

BEST FOR

Group cooking
without sacrificing
efficiency.
