Ogni prodotto della collezione Recycled è realizzato in poliammidica riciclata, proveniente da sfridi di lavorazione della materia prima. Le figure geometriche e i colori accesi delle calze vogliono essere ancora prima che una scelta stilistica un invito ad esprimersi in libertà.

Each product of the Recycled collection is made of recycled polyamide derived from raw material processing scraps. The geometrical shapes and the bright colours of these socks are not only a choice of style but first and foremost an invitation to freedom of expression.

Jedes Produkt der Recycled-Kollektion wird aus recyceltem Polyamid gefertigt, das aus Resten der Rohstoffverarbeitung stammt. Die geometrischen Figuren und leuchtenden Farben der Socken wollen, mehr noch als eine stilistische Wahl, eine Einladung dazu sein, sich frei auszudrücken.
