

SINNER AS I AM

SPRING/SUMMER 2026 / DARE TO EXPLORE

SINNER AS I AM

Who am I?

**I'm not like them. I don't need anyone else to tell me who I am.
I follow my own path and make my own choices.
I am who I want to be, not who others want to see.**

Exactly myself. Just as I am.

**As I am does not mean being indifferent.
It just means that I'm comfortable with being different.
Comfortable with being authentic.**

**I don't judge you by the way you look, act or talk.
I don't judge you by your political, sexual or religious preferences.**

Cause in the end: there's a SINNER in all of us.

SINTRAST® High Contrast Technology

Key Features

- **Better visual comfort** for all day use
- **Special colour design** for specific environments and conditions you will encounter out
- **Enhance details** of specific target for efficient judgement
- **High contrast** for sharper visual acuity
- **High clarity** for clear vision
- **Eye protection** by filtering 100% UV and high energy of blue light

Our SINTRAST® lens is specially designed for landscapes. Through this colour filter technology the good colours are turned on and the bad colours are turned off. SINTRAST® lenses divide the white light into different colours, enhance the sensitive colours and filter the rest, making your vision detailed with a contrast that is not affected by the white light.

These lenses give your eyes better visual comfort.

Perfect for a long day outside!

Lasting peace of mind, at no extra cost.
